

Viper room: Is snake venom the cure for wrinkles?

Talk about poison control. Snake venom inspires the latest anti-aging treatment.

BY DANA TYE RALLY PHOTOGRAPHY IMAXTREE.COM

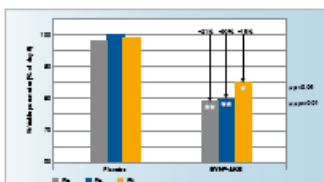

Pentapharm's temporary wrinkle fix has prompted some skepticism, however, ...

...Liliana Dutka, founder of the Natural Anti-Ageing Clinic in Mississauga, Ont., says that she is sufficiently sold on the SYN-AKE research, enough to offer it at her clinic in a skin serum called Synergy Lift (\$192). Dutka, a pharmacist and medical aesthetician, has wooed many injection-phobic clients. "Some of our clients are Botoxwary; others have had bad experiences," she says. "This is shorter-lasting but provides the look they desire."

Some might say that the snake-oil salesmen are making a killing. Clearly, no one's complaining.
